

## Client:

This website is created for myself business as a graphic designer and videographer freelancer. In this website I would like to create my own brand and showed my product to my target audience. Before they choose my service they can read my works and the price of my service. When they decide to choose my service they can contact me through multiple ways, like WhatsApp, Facebook, Instagram and email.

## Style:

Designing this website, we used different graphic designer and videographer portfolio as reference. Those website using clean style to attract their target audience to focus on the product and the works. In this website we outlined the brief style and tints colour to contrast division.

## Reference:

1: <https://www.lottanieminen.com>

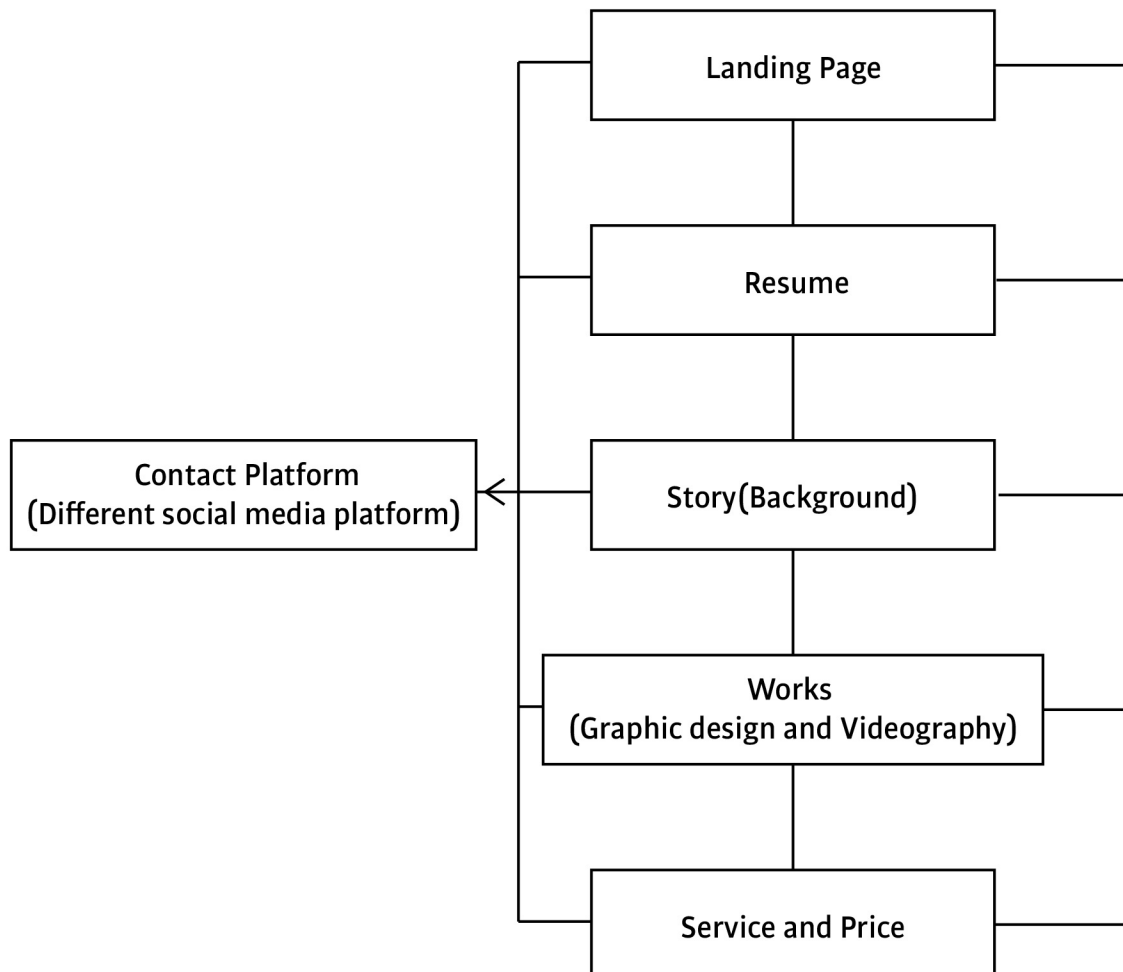

2: <http://www.mynameismeng.com/> portfolio

3: <https://danhyo.com>

## Platform:

The website will target traditional monitor resolutions of 1024X768 and greater.
